

Tapping  
the Future

2014

CONFERENCE  
KITCHENER•ON

CSC Conference 2014 – TAPPING THE FUTURE  
Kitchener, Crowne Plaza Kitchener/Waterloo  
May 21-25, 2014

Session 6B  
Date May 23, 2014  
Time 10:30 – 11:30  
Speaker Anne Whitacre, FCSI, CCS

### **Environmental Reporting for LEED v.4 – Demystifying EPD's & HPD's**

As we implement LEED Version 4, the project team needs to be prepared for additional work, additional concerns – and yes, additional fee. This session will be a discussion of how to do LEED Version 4 material credits and the issues you'll need to be prepared to face for that portion of the project. In it, you'll learn 1) what to look for in product documentation 2) who provides documentation, and the general availability of EPD and HPD products 3) the time line involved in securing approvals 4) how to revise specifications to accommodate these requirements and 5) what may be encountered in the future for high performance materials.

### **Speaker bio**

Anne F. Whitacre, FCSI CCS is a full time specifier with 35 years experience both as a consultant, and employee of several ENR top 100 firms. She has written specifications for The NBBJ Group, ZGF LLC, Gehry Partners, Gensler, and is currently a Senior Specifications Writer and Associate with HOK in their San Francisco office. She served on the Arcom Masterspec Review Committee for 6 years, and was recently invited back as a subject expert during their LEED V4 update
