

## CSC REGISTRATION AND CERTIFICATION RENEWAL

CSC continues to enhance the quality of design and management aspects of construction activity through education, professional development, and certification programs. This program is meant to aid in furthering the recognition by industry participants of CSC designations by building on the value and integrity of the programs as well as that of the registered or certified members. The renewal program will ensure that registered/certified members of CSC continue to learn and develop their skills as well as share their expertise with others in the industry.

A completed Registration/Certification Renewal Form must accompany the membership renewal form with payment. Payments will not be processed until all documents are received.  
Failure to submit a form, achieve required number of hours, or knowingly provide false information can lead to a CSC Member's registration/certification being revoked.

### Registration / Certification Renewal Requirements

CSC members who hold one or more of the Registered Specification Writer (RSW), Certified Technical Representative (CTR), Certified Construction Contract Administrator (CCCA), or Certified Specification Practitioner (CSP) designations are required to maintain their status through a documented program of Continuing Professional Development and Education Hours. In each membership year (calendar year) the member is required to participate in a total of 15 hours of Continuing Professional Development and Education (CPDE) activities.

The member will determine the CPDE hour credit by the actual hour of participation in a CPDE activity. For example, if you attend a one-hour seminar, you earn one hour credit towards your certification renewal. Some exceptions apply to such activities as writing articles or technical papers that are published, see the CPDE form for guidelines.

Approved categories are self-explanatory and indicate the allowable credit for each category. In the "Other" category you must enter a description of the activity which must be related to your discipline. Keep documented records of your participation, in form of certificates, brochures indicating your participation, copies of published material, receipts or any other documentation that can substantiate your activity.

I hereby apply for renewal of my Registration/Certification designation for the 2021 membership year under the option marked below.

**Option 1:** I have continued my professional development in:

RSW - Preparing, directly supervising or the review and coordination of construction specifications

CTR - Manufacturer/Supplier or Agent, Technical Product Representation

CCCA - Administering, reviewing or enforcing construction contracts

CSP - Improved efficiency and proficiency in document preparation

I have, in addition to my normal employment duties, participated in continuing professional development and education activities as listed on the attached form.

**Option 2:** An additional \$50 fee is required for this option.

RSW    a)    Submit a completed specification prepared by you for review by the RSW Sub-Committee or;

          b)    Prepare a research paper within a one week period on a topic provided by the RSW Sub-Committee or;

          c)    Successfully complete the RSW renewal exam under the supervision of a CSC member.

CTR    a)    Successfully complete the CTR renewal exam, under the supervision of a CSC member.

CCCA    a)    Successfully complete the CCCA renewal exam under the supervision of a CSC member.

CSP    a)    Successfully complete the CSP renewal exam under the supervision of a CSC member.

**Option 3:** I here-by request that I be exempt from the requirements of the renewal program for the year 2021 due to \_\_\_\_\_ (illness or other). A letter of request for exemption must accompany the renewal form if option 3 is marked. All requests are subject to approval by the CSC Education Certification Committee.

**Option 4:** I have retired (and have met the requirements of the Retired Member" status according to CSC by-Laws) from the profession, but would like to maintain the designation for CSC records.

I declare that all information given in connection with this application is true to the best of my knowledge and belief. I further understand that CSC may conduct random audits of continuing professional development and education activities, and I authorize CSC to access records necessary to perform such audits. I also understand that failure to submit a completed renewal form, and false or erroneous information furnished by me may be grounds for disqualification or subsequent revocation of my registration/certification.
