11:45 a.m.	1:30 p.m.	7 – Lunch for Delegates and Companions followed by: Equity, diversity and inclusion in architecture: Designing for underserved communities - Henry Tsang As the global community recognizes the need for Equity, Diversity and Equity (EDI), the AEC industry struggles to define what its means for the AEC industry in addressing discrimination, systemic racism, deep-rooted biases and lack of true representation in the profession. Architects are experimenting ways to improve design processes to create environments that are accessible and welcoming to all. Dr. Henry Tsang has been investigating the issue of EDI in architecture both in his academic research and design works, particularly with underserved ethnic, indigenous and rural communities in the Canadian context, and he will be presenting case studies that demonstrate creative solutions in achieving EDI in architecture.			

- Please note, all session topics and times subject to change. Last updated May 4, 2023
