Message from the Chair

Jonathon Greenland, CTR

As we head in to fall with the beauty of the changing colours, we also see change in ourselves this year as we have all had a crazy 2020 so far.

September saw our annual chapter meeting, which was the first in-person meeting since our Connections Café. Attendance was 11 members, the atmosphere was more of a family and friends gathering instead of an Association meeting. With a lot of us still working from home and little social interaction due to our current state, please cherish what we have. Take those walks with loved ones, have the physically distanced coffee with friends, and because it can really improve a mood "Dance like no one is watching" even though someone may be. Halloween is around the corner, which will bring many smiles with the costumes and kids running around, wishing we could be that young again to dress up and collect candy from the neighbours. Please stay safe! And

remember have FUN. I am 

October Chapter LUNCH Meeting

**LOW SLOPE METAL ROOFING
AND FIRE ISSUES WITH SBS ROOFING**

Speaker:

Stephen Teal

When:

Tuesday, October 13, 2020

Time:

11:30 am to 2:00 pm

Location:

Winston Club
2502 6 St NE
Calgary, AB T2E 3Z3

Low Slope Metal Roofing:

As an industry leader Flynn has seen an increasing number of metal roofing specifications that do not comply with the manufacturer's or ARCA's minimum slope requirements. Why do we keep specifying metal roofs that do not meet the basic requirements? The presentation will include:

- How to easily rectify this problem without changing the slope.
- Solutions that offer up to double the life expectancy, approximately 50% higher effective R-value, and more colour options for virtually the same cost.

Fire issues with SBS roofing.

How SBS roofing specifications can contribute to fire damage and buildings burning down.

-
- Easy solutions to address the issues.

Our Speaker:

Stephen Teal, Business Development for Flynn Canada Ltd. Bringing over 38 year's of experience in various management capacities of the roofing and building envelope industry, Stephen is a complete envelope and green roof specialist, located in Calgary AB.

If you have any questions please contact Dave Dagnall at david@specbossinic.com

COVID-19:

The Winston Golf Club adheres to COVID-19 protocols.

- Hand sanitizer will be readily available.
- Masks must be worn into the building, but may be removed once in the designated meeting room.
- Lunch will be plated.
- Physical distancing will be in place.

2023 CSC Annual Conference

Did you know that the annual CSC conference will be held in Calgary in 2023? That's 10 years since we last hosted. If you're interested in getting involved, please contact [Jonathon Greenland](#). We will be looking for people for the following committees:

- Technical program
- Social program
- Companions program

It's a great way to get involved with the chapter, learn more about CSC, and have a lot of fun.

Member News and New Members
Sylvie Dzikewich, CTR

Welcome back:

-
- **Greg Gerhardt**s, Western Canada Sales Manager for Architectural Product Consultants Ltd. info@apcfirst.com
 - **Chris Hogan**, Western Sales Representative for Rockwool, chris.hogan@rockwool.com

The Canadian Construction Documents Committee (CCDC), is pleased to announce that this winter CCDC will be publishing the new version of the **CCDC 2 'Stipulated Price Contract'** and the brand-new **Master Specification for Division 01 'General Requirements'** and **CCDC 31 'Service Contract Between Owner and Consultant'** documents.

CCDC will also be providing online training to explain the key changes to CCDC 2 and to introduce the new Division 01 document. For more information and to register go to: <https://www.ccdc.org/ccdc-2-and-division-01-online-training/>

Meeting topics?
David Dagnall, CSP

Do you have an idea for a meeting presentation? Are you or do you know a dynamic speaker with a topic of interest to CSC members? If so, please contact David Dagnall by email at David@specbossinc.com
