A Message from our Chair

I don't know about you, but to me, it feels like 2023 flew by! On a personal note, I am so fortunate to have welcomed a healthy baby boy to our family in July. I am on maternity leave from work, while still sitting on the CSC Regina Chapter executive. I am grateful to have a wonderful team sitting on our executive that is so committed to providing our members a variety of events throughout the year, as well as educational courses, to attend.

Member Spotlight

Bob Friesen

The Regina Chapter would like to recognize Bob Friesen for his time and dedication to the CCCA subcommittee. Bob volunteered his time for 10 years on the CCCA subcommittee, withdrawing in 2023. Bob's history serving on construction committees began long before his time with the CCCA, he also dedicated a number of years serving the CSC. Bob joined the CSC Regina chapter in 1990. He quickly served on the Regina chapter board and participated as

member at large, chapter chair, chapter Director, and on education committees related to teaching the CSE courses, which were developed in the mid to late 1990s. In 2013, Bob began serving on the CCCA sub committee, and with other committee members, was involved in approving member applications. Bob confirms that CSC provides the design and construction industry with many opportunities to gain knowledge and participate with colleagues in the area of design, specifications, and construction.

He has enjoyed working together with highly skilled and knowledgeable people in the industry. Bob says "It has been a pleasure to give back a little wee bit by serving various aspects of Construction Specifications Canada."

Bob is pictured on the left with his guitar. One of his hobbies that he has learned and will continue to keep learning!

Thank you Bob for your dedication and support!

What influenced me to join CSC?

I have participated in many of the CSC events both as a student and a professional, and it has always been a good experience - enjoyable and a great group of people.

What's one thing you're currently trying to make a habit? meditation and regular exercise. Being on maternity leave and not having a lot

of personal time, I realized how important self-care and self-improvement is, so I am trying to focus on activities that give me an energy boost both mentally and physically.

What book are you reading now?

I am currently reading "The Word is Murder" and "The Rosie Project"
