- Fire resistance designs and ratings of common wall and floor assemblies
- Design tools and references for acoustic and fire separations

RSVP: to Devre (dbristow@formations.ca) by **Friday, March 7**

Remembering Bill Preston

It is with great sadness that CSC Saskatoon shares the news of the passing of William (Bill) Preston on February 9th, 2025. Bill was a longtime member of CSC and served on the Saskatoon chapter executive committee for many years as Legal Officer.

Bill contributed greatly to the Saskatoon chapter of CSC. He consistently contributed legal articles to our newsletter, and to many other chapters across the country. He was also quick to volunteer to instruct all the education courses our chapter offered. Many students benefited from Bill's extensive knowledge of construction law, and his humorous teaching style. Bill attended many chapter events over the years and his smiling face and quick wit always lit up the room. CSC Saskatoon sends heartfelt condolences to Bill's family, friends, and colleagues. He will be missed.

August 28th

CSC 4th Vice President Election

is happening now. Our very own Wade Klassen is running!

Please take the time to cast your vote.

As a member you should have an email from our National Office with a direct link to vote. So please check your junk mail if you haven't received it.

Wade Klassen, CCCA

Wade Klassen, CCCA, P. Tech

Wade is a Construction Contract Administrator with aodbt Architecture Interior Design in Saskatoon, SK. With over 16 years of experience in the architectural consulting industry, he started his career as an architectural technologist and worked to earn his license as a Professional Technologist (P. Tech) in Saskatchewan. As he shaped his career towards contract administration, he gained experience working with many contract types, including Stipulated Price, Construction Management, Design-Build, P3, and others. He has worked in nearly all sectors of the industry, and with a wide variety of clients, ranging from private, developer, franchisee, as well as Municipal, Provincial, and Federal governments, on projects ranging in scope from the very small to over \$300 million.

Wade has recently been awarded the Certified Construction Contract Administrator (CCCA) designation with Construction Specifications Canada, of which he is very proud to have earned. He first became a member of CSC in 2014 and soon became a member of the Saskatoon Chapter Executive, where he has served almost every role available (except treasurer!). Most recently he has been the Chapter Director for the past two years and is nearing the end of his term in that role. Wade has also been an instructor for the Principles of Construction Documentation (PCD) course for local, in-person, classes.

Other volunteer work he is involved with includes serving on the Saskatchewan Polytechnic Program Advisory Committee (PAC) for the Architectural Technologies Program in Moose Jaw, SK. He also volunteers as a Medical First Responder with Dalmeny Fire & Rescue and is training to become a volunteer firefighter.
