

APRIL 2025

SPECIFIER

CALGARY
CHAPTER

Welcome April

Can you believe that April is almost over, and we're having our ACM soon? We're about to close another year of being here for you and keeping you up to date on what's happening with our chapter. As you may have noticed, we have a new Specifier design and platform. The design is not set in stone, and if you prefer something from the previous one, please let us know.

Here's how you, as a member, can help.

CHAIR'S MESSAGE

Golden Rays.....

Spring is always an exciting time of year as we start packing away winter clothes, swapping winter tires off our vehicles, and thinking about

outdoor activities once again. This time of year also gets CSC members thinking about upcoming activities like Chapter ACMs and, of course, the National Conference.

On April 10th, the CSC Calgary Chapter attended a joint dinner meeting with GAMA, and Goldray Glass graciously hosted us at their manufacturing facility to enjoy a plant tour to see the inner makings of various types of glass we see not only across our industry but also in our own homes. It was a great event, and all attendees were gifted with a custom-made glass coaster branded with the CSC and GAMA logos. Events like this exemplify how the Calgary Chapter continues to promote our motto of F U N (Financial responsibility, Unity, Networking).

On May 14th, the Calgary Chapter will host our annual ACM at the Blackfoot Inn. This year, again, we will conduct the formal ACM part of the meeting, followed by a networking social to get everyone hyped for the National Conference the following week!

As always, the Calgary Chapter has several big events planned over the coming months, so please read all your email updates and make sure to mark your calendars.

-May 21-25 – National Conference – St. John’s NFLD

-July 10th – Calgary Chapter Golf Tourney – Lakeside Greens

Past Events

GAMA - CSC JOINT EVENT

We couldn't ask for more F.U.N. than the one we had in our joint meeting with GAMA. We had a good turnaround and the opportunity to spend a wonderful time visiting Goldray Glass and learning how all this magic happens. We want to express our gratitude to our friends at GAMA for joining us and making this possible. The images you see here were prepared exclusively for our meeting. Thank you

again, Goldray Glass, for
having us.
